**System Requirements For CCG Profiles:**

You'll need at least a good-old Pentium 4 machine (desktop or laptop) with 4GB of RAM and a fairly decent screen (we're talking 1920x1080 resolution or higher, for starters). So unless you're using a laptop that can do 1920x1200, you might want to upgrade your RAM. You'll need more than 4GB of RAM to install all the mods, but 8GB will let you run every single mod and feature without any major hiccups. You'll also need a decent-to-dec
